The condition of the money market is without much change. The revival in business has not been so rapid or as permanent as expected, and the action of Congress in reference to the financial policy of the government is awaited with some anxiety. Money in Baltimore is quoted a shade easier, the banks discounting all accepted paper at 6 per cent. In New York money is 6a 7 per cent on prime paper. Gold rates continue without much change, and government bonds are quiet. State securities are heavier, Virginia consols selling at 591 down to 59; peelers 422. Railroad bonds are dull; B. & O. shares 100a 163; nothing doing in local stocks, but we quote:

LOCAL MATTERS.

WEATHER PROBABILITIES .- War Depart ment, Office of the Chief Signal Officer, Wash ngton, D. C., Oct. 26, 1877-10:30 a. m.-For the Middle Atlantic States cloudy weather and rain, easterly winds, possibly shifting to southerly, stationary or higher temperature and falling barometer.

ALLEGED LARCENY .- John Winters, colorrobbed him of one hundred dollars in currency. It was alleged in evidence that the money had been placed in a mattress for safety, together with another package containing sixty dollars. The mattress was subsequently given to Jones to repair, in Winters' absence, by his sister, who did not know about the money. Upon finding that the mattress was gone Winters went after Jones, who promptly showed it to him, and the sixty dollar package was found. The other, however, was not forthcoming, and Winters preferred a charge of lareeny. No evidence was adduced to show that Jones ever got the money, and he was discharged. Several gentlemen of the highest respectability testified to Jones' good character.

MISSING VESSEL ARRIVED.—The schooner Leonessa, for whose fate considerable anxiety has been felt, arrived here this meroing. She cleared from Charleston, S. C., on the 14th of September with a cargo of phosphate for Mr. Wm. A. Smoot, of this city. The weather being bad she was prevented from sailing until the 29th ult., when she put to sea. Shortly after leaving port she was eaught by the severe storms of that period, and was driven off her course a considerable distance. During the storms her sails were split, forerigging broken and other damage done. The schooner then bore up for this port, having fallen in with the schooner Mersey E. Trundy, which supplied her with provisions. The captain has his hand injured by exposure and hardship, and two of the crew are sick.

INVESTIGATION ORDERED. - The colored woman Fields, who was shot during an affray consequent upon the arrest of her husband, near Burke's Station, some days since, as heretofore mentioned in the Gazette, still lies in a critical condition. It now appears that she was wounded in four places. The friends of Thos. Fields, the man who was arrested, claim that the posse who were brought to arrest him were all personal enemies, and that the firing was done after he had been captured by order of the constable, who stood outside the window. Judge Sangster has determined to have the ciroumstances of the arrest and shooting thoroughly investigated.

Police ITEMS.—The following cases have been tried since yesterday :-Two men from Washington, for being drunk and disorderly at the Washington depot, were

dismissed with a reprimand. Charles alias Sip Grey, colored, for assaultiog his sister, was dismissed on payment of

costs. James Simmes, for being drunk and disord erly, was sent to the chain gang for ninety days. peper, chlest daughter of the late Dr. Wm. Ann Mason, alias Triplett, for being drunk on Crump. the streets was sent to the workhouse for thirty

Morgan, President of the Board of Fire Commissioners of the District of Columbia, will come down to this city to morrow and present to the Mayor, for the companies from this city which rendered assistance at the Patent Office fire, the reso lutions of thanks from the Commissioners and the photographs of the fire, sent by the Secretary of the Laterior. The presentation will take place in the chamber of the Common Council at ten o'clock to morrow morning.

AGRICULTURAL FAIR .- At the meeting of the committees of the Woodlawn Agricultural Club and the city subscribers to the Agricultural So ciety held at the Council Chamber this afternoon it was determined to submit the proposition of the Woodlawn Club, adopted at its last meeting, and published in the Gazatte, to a meeting of the city subscribers, to be held at an ear ly day. From the tenor of the debate it was apparent that the proposition will not be accepted.

REGISTRATION .- The revision of the registration books commenced yesterday, and will continue until to morrow night. There seems to be very little interest manifested, and very few are registering. It is essential that all who have become of age, moved from one ward into another, or come into the city since the last election, should see that their names are properly registered.

PIGEONS.-Two pigeons of the Horning Antwerp breed -similar to those used in the Franco Prussian war-awned by a gentleman Prime 191 a 192 of this city, were carried to Washington yester-Job lots ordinary to choice. 16 a 204 day on one of the ferry boats.
